## **R & D Electrical / Instrumentation Technologist – Winnipeg, MB**

---

Buhler Industries Inc., a leading and growing manufacturer of farm equipment, is currently accepting applications for a qualified **R & D Electrical / Instrumentation Technologist**.

As a recent graduate, you will be involved in designing and conducting various lab and field tests. Familiarity with Somat or National Instruments data acquisition equipment, control systems, and agricultural equipment, as well as completion of related reports is required. The successful candidate will have experience in measuring pressure, flow, temperature, strain, acceleration, and noise levels. Experience with 12 V off-road vehicle electrical systems, PLC programming and J1939 Can Bus Protocol would be considered definite assets.

Strong written and verbal English skills are essential to this position.

We offer competitive salary and benefits. Please forward your resume in confidence to:
