

Service Parts Technical Analyst – Winnipeg, MB

Buhler Industries Inc., a leading and growing manufacturer of farm equipment, is currently accepting applications for a qualified **Job Title**.

This is an entry-level position responsible for reviewing Engineering drawings, ECO's, BOM's, and other technical data, as well as document preparation for Service Parts catalogue updates. The successful candidate will assist Service Parts personnel and Versatile dealers by providing technical support and introduce and maintain pricing data.

The ideal candidate will have post secondary training in a mechanical discipline and possess knowledge of electrical and hydraulic systems in an agricultural equipment-manufacturing environment. Exceptional analytical, communication, customer service, and organizational skills, in combination with the ability to multitask in a fast paced environment are essential.

We offer competitive salary and benefits. Please forward your resume in confidence to:
